Upon walking through the facility, I checked an exit door at the end of the main hall within the facility and it was found to be unlocked. Offenders housed in the facility have access to this door that was left unlocked. Staff was not aware the exit door was unlocked. Only after several attempts to lock the door was the door secured.

**June 30, 2021- Complaint**-All exit doors were checked during the walk through. All exit doors are locked On the day of the audit. There are buzzers on exit doors that will activate in control if an exit door is opened to notify staff.

# II-A-002 Secure Perimeter - Non Compliant

#### IV-B-002 Plumbing fixtures/Showers - Non Compliant

October 23, 2019-Bathroom/shower area has some shower floor drains stopped up. Maintenance was at the facility and were made aware along with the Warden of the problem. Ceiling vents in the bathroom and showers are dirty. There is some peeling paint on the walls of the shower and is noted on the DHH report 9/12/19. Some painting has been done but not completed on day of visit.

**June 30, 2021- Complaint-** There were no floor drains stopped up on the day of the audit. The vents are clean in the shower area. All shower areas have been painted and adequate hot water available for offender use.

#### IV-B-004 Hygiene/Bedding Issue - Non Compliant

#### STAFF COMMENTS/MORALE/GENERAL OBSERVATIONS:

Staff was courteous and willing to answer any questions asked. Staff morale appeared to be good at the time of the audit. There was several staff working on the day of the audit. There is less staff working on occasions especially during the evening/night shift there may only have 2 or 3 employees working. On Saturday July 3, 2021 which was after the audit there were 2 parish offenders that escaped from the facility. There was only 2 employees working that night shift. One employee left out the control room leaving access to the control room, which has the buzzer to the locked doors of the facility, where the offender had access to the control room and buzzed the locked doors open and the 2 offenders left out the front door of the facility. Staff advised they are in the process of hiring more employees. It is observed that the facility has made improvements since the last BJG audit in 2019. BJG staff advised the facility staff to maintain the facility as best as possible and keep up with trying to improve conditions at the facility.

# OFFENDER COMMENTS/MORALE/QUALITY OF LIFE:

Several offenders were spoke to during the walk through. Some offenders voiced concern about a problem recently about access to the bathroom but they said it has since been addressed and they have access to the bathrooms without doors being locked. No other concerns were voiced by offenders. Quality of life and offender morale appeared good at the time of the audit. There was no inhumane living conditions noted by the audit team on the day of the audit or complaints from offenders regarding living conditions.

# **RECOMMENDATION:**

At this time the monitoring team recommends recertification with continued annual monitoring visits.
