Attached is the Fire Marshall report following the one in the folder that shows no deficiencies, and some work order emails that show painting being done for the DHH report issues. I was not able to get the emails from the parish concerning the roof repair, but I will send it if they give it to me. I can always send you the following DHH report, but it doesn't mention the corrected actions. Let me know if you need more.

Thanks,

Re-inspections are required when there are five or more uncorrected non-critical violations and/or one or more uncorrected critical violations remaining at the conclusion of an inspection. The fee is only charged if the necessary violations are not corrected before the 2nd re-inspection and other subsequent re-inspections. Facilities can avoid this fee if the violations noted on the routine inspection report are corrected by, or during, the follow up inspection. If a fee is assessed, the \$150 fee is payable within 30 days' notice, and failure to pay shall result in revocation of the permit.
