**RE:** "Basic Jail Guidelines" Monitoring Report

Please see the attached monitoring report regarding the Basic Jail Guidelines (BJG) annual inspection that was conducted at Bayou Dorcheat Correctional Center on August 22, 2023.

On the day of the inspection, the total inmate count was 566 which exceeds the facility rated capacity by 122. DPS&C encourages compliance with BJJ I-C-006 "Rated Capacity", as noted in the Fire Marshal report. Please note the facility has been in touch with the State Fire Marshal about increasing their capacity. DPS&C's Chief of Operations is to be notified of changes in rated capacity approved by the State Fire Marshal.

Noted are findings from the 2022 inspection report; *BJG I-C-004 "Facility Furnishings" – Unapproved offender locker storage bags as noted by the Fire Marshal. The facility is in the process of replacing bags for approved storage containers.*

The current inspection report indicates approximately 60% of the inmate population with unapproved storage containers have been replaced. Warden Davidson stated that an order has been placed and he is awaiting on the other containers to arrive. BJJ Team Leader, Tyrone Mays will follow up with the facility in 60 days to ensure all inmates have proper storage containers.

At this time DPS&C will continue with semi-annual monitoring visits. Thank you for your support of the BJJ process.

**OFFENDER COMMENTS/MORALE/QUALITY OF LIFE:**

I spoke with several inmates throughout the facility. They all stated that the food was good but wished they could receive more portion than recommended by the Dietician. The offender morale and quality of life deemed as good. I spoke with several offenders throughout the facility and no significant complaints regarding their confinement was noted.

**RECOMMENDATION:**

Warden Orlan Davidson and staff are committed to maintaining compliance BJC and providing a safe, secure, and stable environment for the inmate in their custody. Based on the walk-through of the facility and the review of the Basic Jail Guidelines files the following was found to be non-compliant: I-C-006 Operational Capacity. Warden Davidson stated as far as the deficiencies with property storage containers, he has about 60% of the containers replaced and awaiting on 40% of the new containers to arrive at the facility to replace all non-compliance containers. Based on the walk through of the facility and a review of the guidelines it is recommended that BDCC remains on annual monitoring but within 60 days Warden Davidson has received 100% of all property storage containers for inmates.

**NOTICE RS 40:31.38 (ACT 66)**

RS 40:31.38 (ACT 66) authorizes the Louisiana Department of Health to charge a fee of \$150 to any permitted facility that fails to correct the necessary sanitary code violations to be in compliance at the time of its follow up inspection (1st re-inspection). Re-inspections are required when there are five or more uncorrected non-critical violations and/or one or more uncorrected critical violations remaining at the conclusion of an inspection. The fee is only charged if the necessary violations are not corrected before the 2nd re-inspection and other subsequent re-inspections. Facilities can avoid this fee if the violations noted on the routine inspection report are corrected by, or during, the follow up inspection. If a fee is assessed, the \$150 fee is payable within 30 days' notice, and failure to pay shall result in revocation of the permit.
