RE: "Basic Jail Guidelines" Monitoring Report

Please see the attached monitoring report regarding the Basic Jail Guidelines (BJG) semi-annual inspection that was conducted at Cameron Parish Jail on September 20, 2023. This inspection shows improvement and the facility's commitment to providing a secure, safe, and stable environment for DOC inmates in their custody.

The BJG Team made several recommendations and/or comments:

- The chemical room inventory issues have improved, and the room was organized.
- Have the parish complete the repair of the pre-existing and current holes in the DOC dorm ceiling. A work order has been submitted to the parish requesting these repairs.
- Clean all urinals and showers regularly and remove excessive property to reduce clutter.

DPS&C would like to encourage continued compliance and improvements with all guidelines. At this time DPS&C will continue with semi-annual monitoring visits.

Thank you for your support of the BJG process.
